Dear Mrs. Rine:

As Chief Technology Officer of the Houston Police Department, I face challenges to provide my employees with the best training and tools I can find to accomplish the goals of the Technology Services Division and to be mindful of the division's budget, especially in these economically challenging times. I have been informed by Sergeant Curtis Young that your company's unlimited training program has helped me meet both of those challenges by providing exceptional tools for my employees and an outstanding value for the citizens of Houston. I would like to take a moment to say thank you and present you with a small token of the police department's appreciation by presenting you this "Challenge Coin". The concept of this coin is to recognize citizens who have assisted the Houston Police Department in accomplishing its mission.

If I may be of any assistance please feel free to contact my office at 713-247-5470.

Sincerely,

  
A. L. Garcia, Deputy Director  
Technology Services
